Hartness OctoPack: Model 3000

The **Hartness OctoPack** is a highly efficient continuous-motion case packer recognized in the packaging industry for its high speed and gentle product handling. The machine uses specialized gripper technology to smoothly pick and place plastic or glass containers of various shapes into trays or cases without stopping the production line. Its robust design minimizes product breakage and label damage, making it a reliable solution for high-volume packaging lines in the food, beverage, and personal care industries.
